

Growth within

# Healthcare

Our Healthcare companies' technologies and digital solutions help providers improve the care they deliver and enhance the quality of patients' lives. They contribute to the discovery and development of new cures, the diagnosis and treatment of patient conditions, and the provision of improved healthcare through data analysis.

## Our markets

### Life Sciences

Technologies and solutions to enable in-vitro diagnostic systems and accelerate life-science discoveries and development.

### Healthcare Assessment & Analytics

Components, devices and systems that provide valuable information and analytics so providers can better understand patient health and make decisions across the continuum of care.

### Therapeutic Solutions

Technologies, materials and solutions that enable treatment across key clinical specialties.
