## Our reporting

Our reporting network is designed to facilitate better communication to a range of stakeholders.

Our annual report and accounts provides disclosures relating to our strategic, financial, operational, environmental and social performance and provides detail on our strategy.

It also contains forward-looking statements relating to the Group's future financial condition, performance, results, strategic initiatives and objectives.

Our wider reporting suite provides supplementary information and disclosures, including our sustainability report. These are available online, and referenced throughout this report.

To access more content on a mobile device, point your camera at the QR codes seen throughout this report.

See our full reporting suite on the [Investors page](#) of our website.

The 2023 annual report and accounts incorporates the strategic report and the consolidated financial statements, both of which have been approved by the Board of directors.

### On behalf of the Board

**Sir Robin Budenberg**  
Chair, Lloyds Banking Group plc  
21 February 2024
